Maria Salazar

Full Stack Web Developer

mariatrinidadsalazarr@gmail.com | mobile: +58 4249207625 | LinkedIn | GitHub | Portfolio |
Bolivar City, Venezuela

Full Stack Developer with a background in civil engineering and specialization in React.js. Experienced in individual and group projects with agile methodologies such as Scrum. I stand out for my team work, communication, and resilience skills.

TECHNOLOGIES

Programming languages: Javascript, Typescript, SQL
Frameworks and libraries: React.js, Next.js, Express, Redux, Tailwindcss, Vite
Databases: PostgreSQL, Mysql, Sequelize
Version control: Git, GitHub, GitLab
Agile methodology: Scrum

PROJECTS

Frontend Developer - Movies   **June 2024**
Collaboration React web application designed for movie recommendations.

- Fully Responsive Simple Design: Ensures a seamless user experience across all devices, from desktops to mobile phones.
- Rapid Development and Deployment: Leverages Vite for blazing-fast build times and efficient hot module replacement, streamlining the development process.
- Modern UI/UX and Advanced AI Integration: Utilizes TailwindCSS for a clean, minimalistic design that enhances usability and aesthetic appeal, and integrates with FastAPI to deliver precise movie recommendations using a sophisticated AI model.
